

Meprodon[®] Soluble

agilan[®] Dietetic complementary feed

In support of nutritional imbalances dietary transition

For poultry

Essential nutritional characteristics

Minimum supply of vitamin D:

400 I.U./kg complete feed with a moisture content of 12 %.

Composition

Sodium chloride, calcium chloride, potassium chloride

Analytical constituents

Crude protein	0.1 %	Crude fat	0.1 %
Crude fiber	< 0.5 %	Crude ash	82.0 %
Calcium	21.2 %	Phosphorus	0.0 %
Sodium	11.4 %	Lysine	0.0 %
Methionine	0.0 %		

Content of additives per kg

Vitamins:

Vitamin D/25-hydroxycholecalciferol (3a670a) 40 mg

Vitamin B₁₂/cyanocobalamin 1,200 µg

Vitamin K₃ (3a710) 700 mg

Preservatives:

Formic acid from calcium formate (1a238) 486,800 mg

Recommended use

To assist with nutritional imbalances during nutritional transition and subsequent impairment, especially bone and eggshell quality.

Feeding recommendation

Broilers and fattening turkeys: 1000 g Meprodon[®] Soluble/1 000 litres of water.

Other poultry: 800 g Meprodon[®] Soluble/1 000 litres of water.

Feeding period: 2 - 15 days

Feeding advice

The complementary feed may contain vitamin D in a concentration higher than 100 times the relevant fixed maximum content in complete feed.

Due to the increased content of vitamin D₃ compared to complete feed, this dietetic complementary feed may only be fed up to 0.1% of the daily ration.

Meprodition® Soluble

Maximum content of the combination 25-hydroxycholecalciferol / vitamin D₃ (cholecalciferol) per kg of complete feed:

Broilers and turkeys for fattening ≤ 0.125 mg* (5,000 I.U. vitamin D₃);

Other poultry ≤ 0.080 mg

* 40 I.U. cholecalciferol (vitamin D₃) = 0.001 mg cholecalciferol (vitamin D₃).

The simultaneous administration of vitamin D₂ is not permitted.

It is recommended to seek the advice of a professional before use or before extending the period of use.

The simultaneous use of different organic acids or their salts is contraindicated where one or more of them is used at or near the maximum permitted content.

Storage

Shelf life guarantee is only valid for unopened packages.

Store dry and at room temperature.
